### ***The “Big Event”***

Capture the important memories of your special day. A professional videographer records the basic events of your wedding: establishing views of the site, the entire ceremony (single position), and main activities of the reception (up to three hours). Editing is primarily in-camera and recorded events stay in the order they occur. Your video will be ready quickly—within 14 days. The Big Event package includes 1 DVD copy of your video with a personalized title and label.

*Event coverage is a 1 camera shoot (unedited) and 1 DVD.*

### ***The “Wedding Day”***

Remember the meaningful moments of your wedding day. This video includes 3 montages, starting with the key events of your wedding, such as last minute on-site preparations and decor, final pre-ceremony scenes with the bride and groom. Of course, we capture the ceremony. The second montage will include decorations, cake, gifts and the cocktail hour at the reception. This package will keep us at the reception for up to four hours. If you choose, we also conduct personal interviews with up to three of your closest friends or relatives, either during the reception or before the ceremony. This selection offers post-production digital editing for a smooth flow of the day's events and concludes with a final montage of the day's highlights. The final recap is edited with slow motion and an elegant mix of black & white footage. The Wedding Day package includes 1 DVD with scene points, personalized title, and personalized label. A second camera may be added for an additional charge.

*Event coverage with 1 camera, custom editing, opening montage with music, slow motion, black & white, letterbox, recap and 1 DVD.*

### ***“Together Forever”***

The recording for this package will start prior to the wedding day. The bride & groom will come into our studio for an interview, off camera. Then we will take the couple for a 2-hour video shoot at a fun and or romantic location of their choice. Our editor will then use specific shots taken during the shoot, and add sound bites from the interview to the video. What the couple ends up with is a story of their love and their lives. This package also includes all the features of the Wedding Day package, plus 2 additional DVD's. A second camera may be added for an additional charge.

*Event coverage with 1 camera, 2 hour video shoot, studio time, custom editing, opening montage with music, slow motion, black & white, letterbox, recap and 3 DVD's.*

## **“Love, Honor & Cherish”**

Enjoy coverage of the ceremony and complete reception with all the features of the Together forever package. In addition, 1 more camera at the ceremony brings an extra dimension to your video, enabling you to capture both the approaching processional and the guests' view of the ceremony. The Love, Honor, and Cherish package also allows you to designate up to five friends and relatives for personal interviews if you choose. Your video will open with a photo montage featuring thirty of your most memorable pictures accompanied by the music of your choice. It closes with a dramatic slow-motion final montage. The Love, Honor, and Cherish package includes four DVD's with scene points, personalized title, and personalized label.

*Event coverage with 2 cameras, 2 hour video shoot, studio time, photo montage, custom editing, opening montage with music, slow motion, black & white, letterbox, recap and 4 DVD's.*

## **“Dreams & Memories”**

A dream video of a day to remember, this selection includes all the features of the Love, Honor, and Cherish package. In addition, a 3<sup>rd</sup> camera is put in a precise position to help capture your wedding from yet another creative angle. During the 2-hour video shoot prior to the wedding day, a meaningful focus on the couple's dreams and memories obtained from the interviews is interwoven along with their favorite photographs and wedding day images for a dramatic, cherished presentation. The Dreams and Memories package includes four DVD's with scene points, a personalized title, and personalized label.

*Event coverage with 3 cameras, 2 hour video shoot, studio time, photo montage, custom editing, opening montage with music, slow motion, black & white, letterbox, recap and 4 DVD's.*
